

**BOARD OF COUNTY COMMISSIONERS
AGENDA ITEM SUMMARY**

Meeting Date: March 16, 2005

Division: BOCC

Bulk Item: Yes ☐ No ☒

Department: DISTRICT FIVE

Staff Contact Person: **Donna Hanson**

AGENDA ITEM WORDING: **Discussion and approval to not support the decision made by the Water Quality Steering Committee at a meeting held on March 4, 2005**

ITEM BACKGROUND: This Board is a duplicate of the old Intergovernmental Wastewater Task Force which recommended in Nov. 2001 that Key Largo, Islamorada and Marathon move forward on over \$300 million of wastewater projects. The promise that the state and federal funding would follow the recommendations were faulty then as they are now. Having an unresponsive federal bureaucrat make decisions on local funding issues to only split up money on an antiquated formula will not get the biggest bang for the buck. The best decision on wastewater funding was made by the Mayors of Monroe County and was based on projects ready to proceed and match requirements. The project development team of the ACOE over funded the Layton project with no regard to the wishes of local government (\$5.66 million project with \$6,150 million funding). When asked for back up material, the County Administrator was completely ignored as was the inquiry made by Commissioner Nelson at the request of the BOCC.

AGENDA ITEM # _____

BOARD OF COUNTY COMMISSIONERS

AGENDA ITEM SUMMARY

Meeting Date: Feb. 16, 2005

Division: BOCC

Bulk Item: Yes ☐ No ☒

Department: DISTRICT 5

AGENDA ITEM WORDING: Discussion of the process used by the Army Corp of Engineers to disburse 1.9 million dollars of the 100 million dollars authorized by Congress for waste improvements in Monroe County.

ITEM BACKGROUND: A meeting was called by Shelly Trulock of the ACOE to convene members of the FLWQIP PDT to discuss wastewater projects in Monroe County. Only three elected officials were present at this meeting where policy decisions were made. The Monroe County wastewater liaison was not notified along with other county commissioners and municipal elected officials. Is it the intent of the county commission to have two separate boards dispersing funds for the same project or future projects?
